

# ScrumTable

for Scrum Meeting Support

Do you use TFS and follow a Scrum process? Do you want to make your Scrum meetings more efficient? Do you want to make it easier for remote team-members to participate in Scrum meetings?

*ScrumTable helps you to achieve these goals – and more!*

## Main Features

- Connects to and replicates seamlessly with **TFS 2010 instances**. Supported standard templates include: MSF for Agile Software Development v5.0 (English / German), Microsoft Visual Studio Scrum 1.0. Easy setup.
- Provides interactive views supporting all core types of **Scrum meetings**: Daily Scrum, Sprint Planning, Project Planning.
- Runs on a wide variety of **Windows 7 machines**, even low-cost netbooks.
- Supports a wide variety of I/O devices. From simple “out of the box” use with **beamer and standard mouse** to touch and multi-touch devices (see below for details)
- Functions **optimized for interactive Scrum meetings** include fast account switching, operation undo, whiteboard support for electronic drawings, customizable look and feel.

## Supported Scrum Meeting Types and Functions

- **Daily Scrum**: Individual and team view, assign Tasks, move Tasks, switch user account.
- **Sprint Planning**: Observe velocity and remaining/completed hours, move User Stories, plan the next Sprint.
- **Project Planning**: Overview over all Sprints and User Stories, Stack Ranking of User Stories.

## Hardware and Requirements

- Minimal: Windows 7, screen with 1280x800 pixels, mouse or touchpad.
- Recommended: Windows 7, touchscreen or digital whiteboard (e.g. SMART-board).
- Professional: Microsoft Surface 2 to enable parallel input by team members.

## Pricing and Contact

- Cost for lifetime license for ScrumTable for TFS Software: **free of charge** (guaranteed)
- Functional adaptation support or training: ask for quote.
- ScrumTable is developed at the Institute for Software at Hochschule für Technik Rapperswil, Oberseestrasse 10, 8640 Rapperswil, Switzerland. For more information and free download go to: <http://ifs.hsr.ch/ScrumTable>
